MEMORANDUM FOR: Director of Data Processing  
VIA: Executive Officer  
FROM: [REDACTED]  
Chief, Management Staff  
SUBJECT: Management Staff Weekly Report  
for Week Ending 15 December 1981

CIA Brooks Act Exemption

[REDACTED] Chief, Legislation Division, Office of the General Counsel (OGC), convened a meeting of interested parties to develop an Agency-wide position on CIA requesting a legislative exemption from The Brooks Act. (The Brooks Act -- P.L. 89-306 -- guides ADP procurement and management in the Federal Government.) DOD has recently obtained such an exemption for intelligence activities. Representatives from Management Staff, ODP; Procurement Division, OL; NPIC; DDO/IMS; and the DDS&T were in attendance. After much heated discussion, the outcome of the meeting was that draft exemption language with an analysis of the pros and cons of proceeding will be prepared by OGC and forwarded to the DDCI for a decision. The draft language will be coordinated among the participants of the meeting. (U/AIUO) [REDACTED]

1983 Congressional Budget Reduction

Several reductions have been made in the Agency's 1983 Congressional Budget. The only impact on ODP is the loss of the SLUC enhancement which was added by the Comptroller during the program review. This will reduce ODP's 1983 budget by 4 positions and \$209K. Changes are required in FRS by COB 18 December and pen and ink changes to the resource exhibits are due COB 21 December. (U/AIUO)
